

DETOX PLUS

Clean out your body naturally and easily with this all-herbal formula that helps eliminate waste and toxins.

Item# 74041
90 Capsules

Our bodies produce waste that must be eliminated. Cleansing the bowel and the blood of toxins is essential to a healthy lifestyle. Detox Plus features highly specialized herbs that have been carefully selected for their ability to cleanse and detoxify the bowel and internal organs of the body.

Detox Plus detoxifies the body in several different ways. Psyllium husk contains natural fibers that exert a scrubbing action, which helps to remove build-up of waste that has accumulated. Herbs such as slippery elm, fenugreek, and Irish moss, when reconstituted in body liquids, assume very slimy properties. This viscous attribute enables them to quickly gather toxins as they slowly slide through the system.

A third group of herbs help to detoxify specific body systems and organs: red clover for the blood, dandelion root for the liver, and black walnut for parasites in the intestinal tract.

BENEFITS

- Helps eliminate waste and toxins
- Cleanses bowel and internal organs
- Scours the intestine to help remove accumulated build-up

RECOMMENDED USE

Take 2-3 capsules once daily with 8 ounces of water. Can be used in conjunction with a detox, or on a daily basis.
