

LIQUID CHLOROPHYLL

Nature's Simple Solution.

Item# 92818

24.7 oz. (730 ml) liquid bottle

Chlorophyll, the green pigment in plants that facilitates respiration and growth, is a significant nutrient found in green, leafy vegetables. Sourced from mulberry leaves and alfalfa, Synergy's Liquid Chlorophyll is a rich, highly-concentrated combination of chlorophyllin (sodium copper chlorophyllin) and peppermint oil. Chlorophyllin has been shown to provide valuable DNA protection against ionizing radiation and chemical mutagens that disorganize genes and can further lead to significant health complications. Liquid Chlorophyll also contains barley, a grass that has been shown to support healthy cholesterol levels while acting as a good source of vitamins and proteins. Studies also support the ability of barley grass to scavenge free radicals and act as a powerful antioxidant. Simply add two teaspoons to eight ounces of water and turn your ordinary drinking water into a heart-enhancing, body-cleansing beverage.

BENEFITS

- Cardiovascular support
- Blood cleansing
- Immune enhancement
- Increased intestinal health
- Overall increased sense of well-being
- Supports the body's natural ability to remove toxins

RECOMMENDED USE

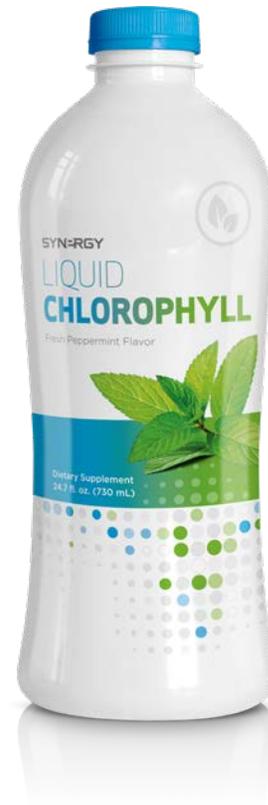

For adults: Take two teaspoons (10 ml) in a glass (240 ml) of water, two times a day.

For children 12 and under: 2.5 ml in a half glass of water, two times a day.

Refrigerate after opening.

KEY INGREDIENTS

Sodium Copper Chlorophyllin, peppermint aerial parts oil, alfalfa leaf and stem juice extract, barley grass juice extract.
